This is the memorandum about the change in composition of the Support Career Board that I mentioned at the Staff Meeting last week which Red had dictated but didn't have a chance to sign before he left on vacation.

DD/S 64-4493: Unsigned, undated memorandum for D/CO, D/Sec, DTR, C/MS fm L. K. White re change in composition of the Support Career Board

MEMORANDUM FOR: Director of Communications

25X1

I am keenly aware that you and your Deputies have contributed greatly over the years to the improvement and development of the Support Career Service in the active role which you have played as a member of the Support Career Board. The ability of the Support Career Service to provide on short notice high level, outstanding performers to the DD/S&T and the Offices of Personnel and Logistics in positions not previously serviced by the Support Career Board is an example of the progress which has been made with help from you and other members of the Board.

When the Board was established many years ago, there were very few general Administrative or Support Officers who had the experience and stature to man the Board; and I believe we made a wise decision by naming the Chief or Deputy of the Support Offices as Board members. Since that time, a number of the general Support Officers have advanced into the supergrades, and with full appreciation of the accomplishments of the Board to date, they quite understandably would like to have more representation of their own Career Service on the Board.

I have given much thought to this subject, and I have concluded that a Board constituted partly of representatives from the Support Offices and partly of general Support Career Service Officers would be the best arrangement at this time. The only satisfactory way I have found to determine which Support Office representatives should remain on the Board has been to retain those whose Office and Career Service have a more or less regular exchange of personnel with the Support Career Service. These Offices, as you know, are the Offices of Logistics, Personnel and Finance.

The SSA-DD/S is in daily official contact with most of the representatives of the Support Career Service who are assigned to Headquarters positions; therefore, I have decided that he should be one of the new members of the Support Career Board. The DD/S&T is becoming a major user of Support Career Service personnel, and I shall appoint the Executive Officer to the DD/S&T, who is one of the advancing Support careerists I spoke of previously, as the other new member.

Thank you again for your services to the Board, and I assure you that we will be in close touch on all future policy developments.
